**Subject:** FW: Parchment Unified Command Call Summary for 8-2-18

One key issue today. Bolded below.

**Unified Command :**

- Formation of Environmental /Public Health Unit still being discussed;

**Switch to Kalamazoo water:**

- Work continues on construction of permanent, below ground pipes are being installed in anticipation of a long-term permanent connection.
  - City employees continue systematically flushing residential connections throughout Parchment ;
  - Coordination underway to flush service lines to schools ;
  - Agencies are hoping for live distribution of Kalamazoo water to Parchment to begin early next week pending PFAS compliance sampling and other water distribution chemistry/structural completeness determinations;
- 

**Private wells:**

- 71 private wells sampled to date. Continues;
- Resource request to be submitted to state EOC (SEOC) for 75 POU's with 75 replacement cartridges to have on hand if necessary;
- MDEQ will share well locations with Kalamazoo so that planning for potential hookups to Kalamazoo system can be evaluated if sampling indicates that is necessary.

**Health issues:**

None discussed.

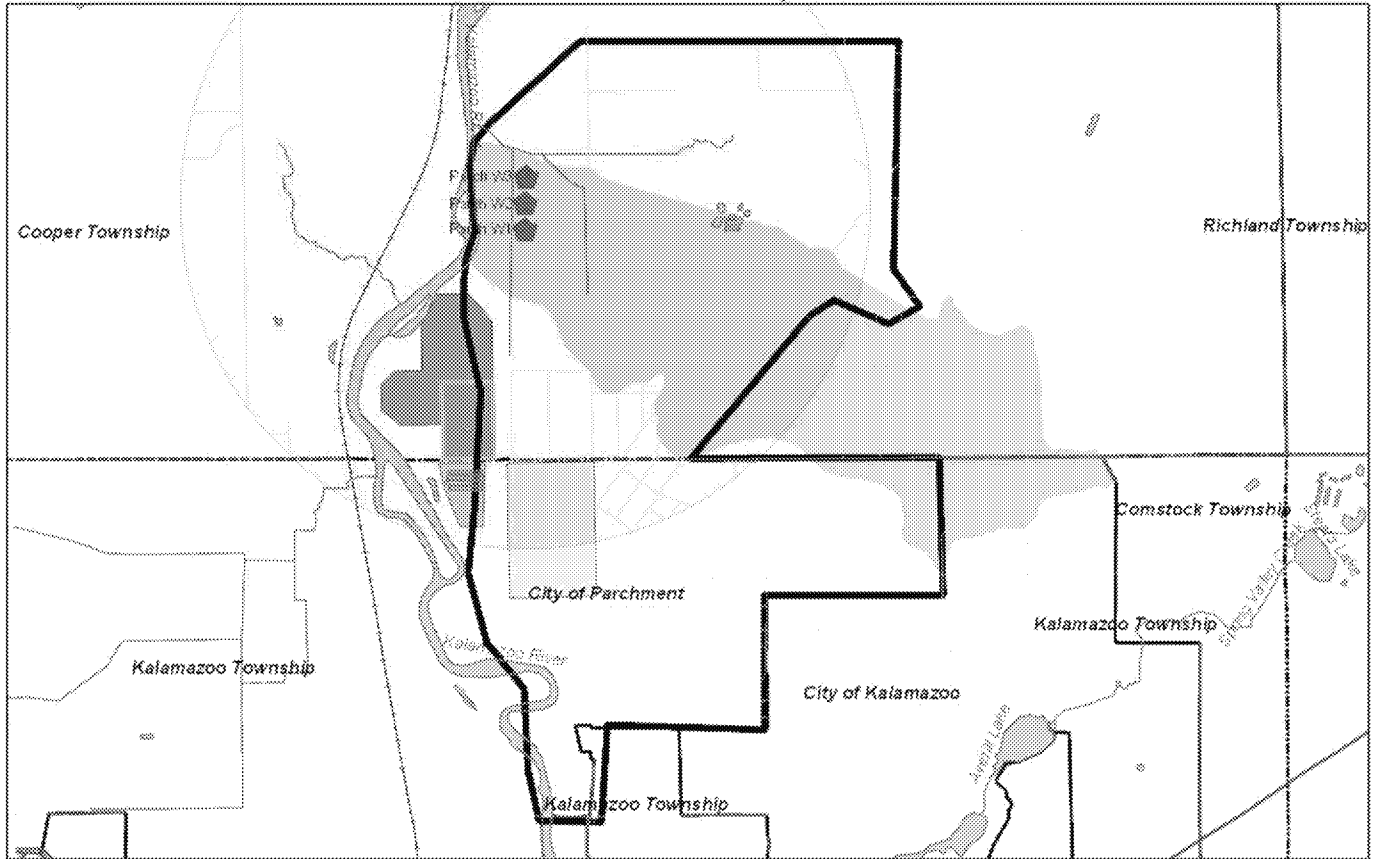

**Source Investigation:**

Sampling of monitoring wells at site of former Crown Vantage paper mill facility continues.

**Information:**

- Daily media briefings will continue at 4pm.

# Parchment Water Response
